Williams Building Company LLC v City of Ann Arbor

Docket No. 280234

The Court, acting under MCR 7.203(F)(2), orders that the motion for reconsideration is DENIED. A review of the complaint in this case shows that counts I through IV were different theories seeking the same relief. However, count V sought different relief than the previous four counts. Monetary damages were sought for failure to remove the stop work order and for not granting a variance. Therefore, a dismissal without prejudice as to that count did not adjudicate the rights and liabilities of the parties regarding monetary damages and no MCR 7.202(6)(a)(i) final order was entered.
